

SHELDON SNASHALL

Having been in education for over 15 years both in school and working for the Local Authority I have gained valuable insight into the world of education. With one child [soon to be two] at West Ashted Primary School I thought that I could value to the school and community by becoming a governor. My hope is that I am able to use my passion for helping children and experience in education to provide the necessary support and challenge to ensure that the school can be the best it can be.
