

Starters (English)

1. Learn how to make a new dish and write up the recipe. You could also include pictures.
2. Could you write an adventure by one of the Brownstone family. You could make it into a mini book including a front cover and a blurb.
3. Create your own dictionary, aim to learn a new word every day, record its meaning and illustrate.

Drinks—(RE)

4. Can you make an Easter card using the traditional Christian symbols of Easter. To make it even better you could add an Easter poem inside.

Mains- (Topic)

5. Investigate the origin of some of the food items in your house, where did they come from originally. Could you write a postcard from the food item explaining it's journey to your house.
6. Could you design a new piece of machinery that would be useful to a farmer. You will need to draw your invention, label the materials and write how it is used.

Year 4's Home Learning Restaurant

Choose items from the menu to complete.

Desserts—(Art and Design)

7. Create an A4 collage with images related to food and farming.
8. Design the most spectacular birthday cake. You need to think about the ingredients, the design and who you are creating it for. (Miss Golding's birthday is coming up soon!)

Sides—(Science)

9. Now that you know the best topping could you find a way of insulating your hot chocolate by adapting the cup. Investigate what materials work best and record your findings.

Sharing platter (Maths)

10. Complete the units set for you on my maths.
11. Draw a picture of your room and add accurate measurements to your drawing. E.G. your bed may be 150cm long.

Salads—(Computing)

12. Choose a topic in the 'Topics' section of purple mash. Complete one of the activities and hand it in.
13. On 2Quiz create a quiz on something we have learnt about this year. We can then share these when we come back to school.
